

Ellucian Spend Management Suite powered by Emburse and ESM Solutions

Saving time and money by automating spend management processes

Connected and inspirational

Enjoy a modern, streamlined experience with the Ellucian Spend Management Suite powered by Emburse Chrome River and ESM Solutions. The Suite's user-friendly solutions offer you purchasing and supplier management, mobile expense reporting, supplier invoice automation and a clean, intuitive user interface—ensuring a high-quality experience whether you're on a smartphone, tablet, or laptop.

Designed with Ellucian's signature focus on the needs of higher education customers—and built with ESM and Emburse's powerful, agile technology—the Ellucian Spend Management Suite offers a full range of tools. Highly configurable, the included solutions offer functionality crucial to colleges and universities, including:

- Travel data integration
- Mobile capabilities
- Card program integration
- Analytics
- Vendor invoice management
- Online shopping and contract repository
- Supplier management and online bid event facilitation

Ellucian Travel & Expense

Helps you manage all your travel and credit card transactions.

Ellucian Folio

Automatically extracts line item data from hotel receipts and populates hotel expense reports without the need to manually key in each item.

Ellucian Card Reconcile

Easily reconciles non-travel related purchasing card charges. Unlimited report submission now available to facilitate daily reconciliation.

Ellucian Invoice

Gives full visibility and control over accounts payable invoice processing—regardless of how or where invoices enter your campus.

Ellucian Purchase

An intuitive online shopping solution that automates the entire procure-to-pay process.

Ellucian Supplier Management

Facilitates communications and connects suppliers to your specific business processes. Provides a free supplier portal for managing information and bid requests.

Delivering benefits to your entire institution

Chief Information Officer (CIO)
